

Curriculum Vitae

Dale J. Poirier

August 14, 2011

Office Address

University of California, Irvine
Department of Economics
3151 Social Sciences Plaza
Irvine, CA 92697-5100
Office: (949) 824-3186
Fax: (949) 824-2182
e-mail: dpoirier@uci.edu

Citizenship

United States of America

Education

University of Wisconsin, Madison, Wisconsin, 1971 - 1973:
Master of Science in Economics, May 1973.
Doctor of Philosophy in Economics, December 1973.
Dissertation: "Applications of Spline Functions in Economics"
Ohio University, Athens, Ohio, 1966 - 1971:
Bachelor of Science in Mathematics, June 1970.
Master of Science in Mathematics, June 1970.
Master of Arts in Economics, June 1971.

Professional Experience, Permanent Positions

Professor, University of California, Irvine, Department of Economics, July 1999 - present.
Professor, University of California, Irvine, Department of Statistics, September 2009 - present.
Member of the Institute of Mathematical Behavioral Sciences, University of California, Irvine, July 1999 - present; IMBS Advisory Committee, 2001 - 2002.
Professor, University of Toronto, Department of Economics, July 1979 - June 1999.
Research Associate, University of Toronto, Institute for Policy Analysis, July 1975 - June 1999.
Associate Professor, University of Toronto, Department of Political Economy, July 1975 - June 1979; tenured Fall 1976.
Assistant Professor, University of Illinois at Champaign-Urbana, Department of Economics, September 1973 - June 1975.
Analytical Engineer, Pratt and Whitney Aircraft (Hartford, CT), June - August 1970.

Professional Awards and Recognitions

Fellow of the American Statistical Association, 2000.
Fellow of the Econometric Society, 1995.
Journal of Econometrics Fellow, Charter Member, 1988.

Who's Who in Economics: A Bibliographical Dictionary of Major Economists 1700 to 1998, Simon James and Mark Blaug, eds. (Edward Elgar Publishing, third edition, 1999).

Significant Achievement Award, College of Arts and Sciences, Ohio University, 1991.

Finalist, Irving Fisher Monograph Award, 1973.

Phi Beta Kappa, 1970.

Professional Experience, Visiting Positions

Federal Reserve Bank of San Francisco, 2005-present; International Monetary Fund, 2004, 2005; University of New South Wales; University of Basel; Erasmus University; University of California at San Francisco; University of California at Berkeley; Stanford University; Tilburg University; Washington University; The People's University of China; Duke University; University of Chicago; University of Warwick; University of Rochester; Monash University; Economic Planning Agency (Tokyo); Massachusetts Institute of Technology; London School of Economics; Université Catholique de Louvain; Kyoto University; University of Wisconsin.

Editorial Activities

Associate Editor, *Journal of the American Statistical Association*, 2011 - present.

Associate Editor, *Journal of Econometrics*, 1980 - present.

Editor, Springer-Verlag Series in Econometric Monographs, 1993 - 1995.

Associate Editor, *Econometric Theory*, 1988 - 1993.

Editor and Founder, *Econometric Reviews*, 1982 - 1986.

Editor, *The Methodology of Econometrics* (Edward Elgar Publishing, 1994), Vols. I & II.

Editor, *Bayesian Empirical Studies in Economics and Finance, Annals of the Journal of Econometrics*, Vol. 49, Nos 1-2 (July/August 1991).

Professional Society Memberships

American Economics Association

American Statistical Association

Econometric Society

Institute for Mathematical Statistics

International Society for Bayesian Analysis

Professional Societies, Offices Held

Member of the Executive Committee for the NBER-NSF sponsored Seminar on Bayesian Inference in Econometrics and Statistics (SBIES), 2002-2003. (Appointed)

Member of the Business & Economic Statistics Section Nominating Committee for Fellows of the ASA, 2000. (appointed)

Member of the Nominating Committee for Elections of the International Society of Bayesian Analysis (ISBA), 1998. (appointed)

Member of the International Advisory Board for the International Society of Bayesian Analysis (ISBA), 1994 - 1996. (elected)

Member of the Zellner Award Committee (Award is for an outstanding thesis in business and economics statistics), 1994. (appointed)

Member of the Leonard J. Savage Thesis Award Committee (Award is for an outstanding thesis in

Bayesian econometrics or statistics), 1993 - 1994. (appointed)
 Chair of the Business and Economics Statistics Section of the American Statistical Association, 1993; Chair-elect, 1992. (elected)
 Member of the Temporary International Advisory Board for the International Society for Bayesian Analysis, 1992 - 1994. (appointed)
 Member of the Nominating Committee for Initial Officers of the Section of Bayesian Statistical Science of the American Statistical Association, 1992. (appointed)
 Member of the Ad Hoc Committee for Founding the Section of Bayesian Statistical Science of the American Statistical Association, 1992. (appointed)

Professional Societies, Conference Organization

Co-organizer (with William Batchelder), Regional Meeting of the International Society for Bayesian Analysis, April 5-8, 2001, Laguna Beach, CA.
 Program Committee, World Congress of the Econometric Society, August 1995, Tokyo, Japan.
 Local Arrangements Committee, International Society for Bayesian Analysis, August 1993, San Francisco, California.
 Program Committee, 1986 North American Summer Meeting of the Econometric Society, June 1986, Durham, North Carolina.
 Program Committee, World Congress of the Econometric Society, August 1985, Cambridge, Massachusetts.
 Co-organizer (with Irwin Guttman), 25th NBER-NSF Seminar on Bayesian Inference in Econometrics, October 1982, Toronto, Ontario. Also sponsored by NSERC, University of Toronto and Institute for Policy Analysis.
 Local Organization Committee, World Congress of the Econometric Society, August 1975, Toronto, Ontario.
 Co-organizer (with Dennis J. Aigner), NBER-NSF Workshop on Segmented and Switching Regressions, June 1974, Madison, Wisconsin.

Research Grants and Contracts

Sabbatical leaves, 1979, 1987, 1995, 2003, 2006, 2009.
 Social Sciences and Humanities Research Council of Canada Grant No. 410-98-1341, "Bayesian Analyses of Structural Models," April 1998 - June 1999.
 Social Sciences and Humanities Research Council of Canada Grant No. 410-94-0094, "Bayesian Studies in Econometrics," April 1994 - March 1998.
 Social Sciences and Humanities Research Council of Canada Grant No. 410-91-1827, "Bayesian Analysis of Qualitative Choice Models," June 1991 - March 1994.
 Social Sciences and Humanities Research Council of Canada Grant No. 410-88-0562, "Bayesian Diagnostic Testing," June 1988 - May 1991.
 Social Sciences and Humanities Research Council of Canada Grant No. 410-86-0319, "Model Occurrence," June 1986 - May 1988.
 University of Toronto, Research Grants-in-Aid, 1980, 1983, 1985.
 Ontario Hydro, "Design of the Ontario Time-of-Use Experiment" (with Melvin Fuss, Angelo Melino and Leonard Waverman), 1980 - 1985.
 Anti-Inflation Board, "Empirical Analysis of the Compensation Decisions of the AIB" (with David

Foot), 1978.

Connaught Fund, "Dynamic Qualitative Choice Models," 1976 - 1979.

Professional Consulting Experience

Consultant, Canadian Institute for Historical Microreproductions (CIHM), design usage model for a digital project (funded by the Mellon Foundation) that will make early works of Canadian literature, native studies and women's history accessible on the Internet, 1995 - 1998.

Consultant, Ontario Hydro, design and analysis of time-of-use pricing experiment, 1980 - 1989.

Research Consultant, Bell Communications Research, August 1984 - January 1985.

Research Consultant, Bell Laboratories, June - July 1979 and January 1980.

Research Consultant, World Bank, Development Economics Department, 1979.

PUBLICATIONS: BOOKS

B3 *Bayesian Econometric Methods* (with Gary Koop and Justin Tobias), in *Econometrics Exercises Series*, Vol. 7, K. Abadir, J. Magnus, and P. C. B. Phillips, eds. (Cambridge: Cambridge University Press, 2007).

B2 *Intermediate Statistics and Econometrics: A Comparative Approach* (Cambridge, MA: MIT Press, 1995). (graduate text; updates at <http://www.chass.utoronto.ca:8080/~poirier>)

B1 *The Econometrics of Structural Change* (Amsterdam: North-Holland Publishing Co., 1976). Also published in Russian, 1981.

PUBLICATIONS: BOOK CHAPTERS, PEER-REVIEWED

BC16 "Exchangeability, Representation Theorems, and Subjectivity," in J. Geweke, G. Koop, H. Van Dijk, eds., *Handbook of Bayesian Econometrics* (Oxford: Oxford University Press), forthcoming.

BC15 "Bayesian Econometrics," in S. Derlauf and L. Blume, eds., *The New Palgrave Dictionary of Economics Online*, Palgrave Macmillan, 03 September 2009, DOI:10.1057/9780230226203.0108.

BC14 "Spline Functions," in S. Derlauf and L. Blume, eds., *The New Palgrave Dictionary of Economics Online*, Palgrave Macmillan, 03 September 2009, DOI:10.1057/9780230226203.0108.

BC13 "Bayesian Econometrics," (with Justin Tobias), in K. Patterson and T. C. Mills, eds., *Palgrave Handbooks of Econometrics*, Vol. 1, *Econometric Theory*, (New York: Palgrave Macmillan, 2006), 841-870.

BC12 "Introduction," in D. J. Poirier, ed., *The Methodology of Econometrics* (Edward Elgar Publishing, 1994), Vol. I, xi-xxii.

BC11 "Spline Functions," in J. Eatwell, M. Milgate and P. Newman, eds., *The New Palgrave: A Dictionary of Economic Theory and Doctrine* (London: Macmillan, 1987), 439-440. Reprinted in: J. Eatwell, M. Milgate and P. Newman, eds., *The New Palgrave: Time Series and Statistics* (London: Macmillan, 1990), 268-270.

BC10 "Time-of-Use Rates for Residential Electricity: What Can Japan Learn from North American Experiments?" in Takamitsu Sawa, ed., *Econometric Analysis for Energy Supply and Demand* (Tokyo: Economic Planning Agency, 1983), 312-337. (published in Japanese; English version also available).

- BC9 “A Switching Simultaneous Equations Model of Physician Behaviour in Ontario,” in C. Manski and D. McFadden, eds., *Structural Analysis of Discrete Data with Econometric Applications* (Cambridge, MA: MIT Press, 1981), 392-421.
- BC8 “Econometric Issues in Load Forecasting,” in *Modelling and Analysis of Electricity Demand by Time-of-Day* (Palo Alto, CA: Electric Power Research Institute, 1979, No. EA-1304).
- BC7 “A Supplement to ‘Residential Demand for Electricity: An Econometric Approach’,” in A. Lawrence, ed., *Forecasting and Modelling Time-of-Day and Seasonal Electricity Demands* (Palo Alto, CA: Electric Power Research Institute, 1977, No. EA-578-SR).
- BC6 “Comment on ‘Bayesian Analysis of Optimal Sample Size and a Best Decision on Rule for Experiments in Direct Load Control,’” in A. Lawrence, ed., *Forecasting and Modelling Time-of-Day and Seasonal Electricity Demands* (Palo Alto, CA: Electric Power Research Institute, 1977, No. EA-578-SR).
- BC5 “The Determinants of Home Buying,” in H. W. Watts and A. Rees, eds., *The New Jersey Income-Maintenance Experiment, Vol. III: Expenditures, Health, and Social Behaviour and the Quality of the Evidence* (New York: Academic Press, 1977), 73-91.
- BC4 “Characteristics of Attriters Who Took the Attrition Interview,” in H. W. Watts and A. Rees, eds., *The New Jersey Income-Maintenance Experiment, Vol. III: Expenditures, Health, and Social Behaviour, and the Quality of the Evidence* (New York: Academic Press, 1977), 339-412.
- BC3 “Sample, Variables, and Concepts Used in the Analysis” (with Harold W. Watts and Charles Maller), in H. W. Watts and A. Rees, eds., *The New Jersey Income-Maintenance Experiment, Vol. II: Labor-Supply Responses* (New York: Academic Press, 1977), 33-56.
- BC2 “Spline Functions and their Applications in Regression Analysis,” in H. W. Watts and A. Rees, *The New Jersey Income-Maintenance Experiment, Vol. II: Labor-Supply Responses* (New York: Academic Press, 1977), 359-381.
- BC1 “The Estimation of Normal Wage Rates and Normal Income” (with H. W. Watts), in H. W. Watts and A. Rees, eds., *The New Jersey Income-Maintenance Experiment, Vol. II: Labor-Supply Responses* (New York: Academic Press, 1977), 393-414.

PUBLICATIONS: JOURNAL ARTICLES

- P62 “Bayesian Interpretations of Heteroskedastic Consistent Covariance Estimators Using the Informed Bayesian Bootstrap,” *Econometric Reviews*, Vol. 30 (No. 4, 2011), 457-468.
- P61 “Dynamic and Structural Features of Intifada Violence: A Markov Process Approach,” (with Ivan Jeliazkov), *Bayesian Analysis* Vol. 3 (No. 1, 2008), 63-78.
- P60 “Econometric Issues in DSGE Models,” (with Fabio Milani), *Econometric Reviews*, Vol. 26 (Nos. 2-4, 2007), 201-204.
- P59 “The Growth of Bayesian Methods in Statistics and Economics Since 1970,” *Bayesian Analysis*, Vol. 1 (No. 4, 2006), 969-980.

OTHER PUBLICATIONS: MONOGRAPHS AND REPORTS

- O8 "An Econometric Model of Birth Inputs and Outputs: A Detailed Report," unpublished manuscript, University of British Columbia, available at <http://finance.commerce.ubc.ca/research/abstracts/UBCFIN00-3.html> (with Kai Li).
- O7 "Modelling Birth Weight: U.S. Stylized Facts and a Window for Viewing Them," unpublished manuscript, 1998.
- O6 "An Examination of Time-of-Use Electricity Rates Using a Finely Disaggregated Demand Model," (with Lloyd Spitzig, Dean C. Mountain and Evelyn Lawson), Technical Report R-88-8, Rates and Strategic Conservation Department, Market Services and Development Division (Toronto: Ontario Hydro, 1988).
- O5 "Individual Household Demand for Electricity in the Ontario Time-of-Use Pricing Experiment," Technical Report R-88-7, Rates and Strategic Conservation Department, Market Services and Development Division (Toronto: Ontario Hydro, 1988.)
- O4 "A Finely Disaggregated, Non-Separable, Non-Homothetic Demand Model for a Commodity Priced by Time-of-Use," Technical Report R-88-6, Rates and Strategic Conservation Department, Market Services and Development Division (Toronto: Ontario Hydro, 1988).
- O3 *Elasticity of Electricity Demand by Time-of-Use* (with Dennis J. Aigner) (Palo Alto, CA: Electric Power Research Institute, 1979, No. EA-1294).
- O2 *The Compensation Decisions of the Anti-Inflation Board: An Empirical Analysis* (with David K. Foot) (Ottawa: Anti-Inflation Board, 1979).
- O1 *Residential Demand for Electricity by Time of Day: An Econometric Approach* (with

Wallace Hendricks and Roger Koenker) (Palo Alto, CA: Electric Power Research Institute, 1978, No. EA-704).

Current Work and Work in Progress

“A Statistical Model of Intifada Fatalities” (with Ivan Jeliazkov), presented at the Econometric Society World Congress, London.

“A Lakatosian Perspective on the Development of Theories of Decision Making Under Risk,” in preparation.

“Identification in Multivariate Partial Observability Probit.”
