ABOUT

“Disentangling Cuban Publics” is the fifth graduate student conference of the UC-Cuba Academic Initiative. The conference brings together graduate students and faculty members from various fields in the University of California system to discuss graduate research relating to Cuba. This year’s conference will take place at the University of California, Irvine on November 21st, 2014. The event will consist of three panel presentations and two roundtable discussions.

The UC-Cuba Academic Initiative is led by a consortium of faculty members and graduate students in the University of California system who study Cuba. The initiative is multidisciplinary and includes members from nine University of California campuses. In addition to its annual conference, UC-Cuba sometimes offers grants to graduate students pursuing research on topics related to Cuba.
